Detoxifying Masks

Our masks utilize clay, as it is an excellent detoxifying substance that can naturally pull toxins from your pet's skin and coat. Clay masks can help treat dryness, inflammation, rashes, and infection.

Choose an oil to compliment a mask

Avocado : Along with its powerful antioxidant properties, it is valuable in soothing dry skin.

Emu: Promotes wound healing from rashes, allergic reactions, and burns.

Olive: Helps ageing and extremely dry skin.

Argan: A strong antioxidant that is beneficial to pets exposed frequently to UV rays.

We are located at:
